Full description

Characteristic apartment, renovated and with independent entrance, immersed in the medieval village. It is composed of a living room with kitchenette and double sofa bed, a bedroom with 2 single beds and a bathroom with shower. From the living room windows you can enjoy a splendid view of the sea. In the bedroom there is also a medieval wood-burning oven, which has been restored but is no longer usable.

This apartment will take you back in time, to when the historic center of the town was located within the castle walls. The historic center consists of winding streets, made of bricks and breathtaking views of the sea and the town center.

Perfect for couples who want a romantic apartment in the center or for families who want to experience a piece of the past.

Distances: 200 meters from the centre, 200 meters from the shops, 600 meters from the sea, public parking at 200 meters (note: the medieval village does not allow cars).

*Pets are allowed on request at the time of booking, a supplement and a security deposit will be required.
