Full description

Part of a three-family house, on a hillside with a breathtaking view of the castle and the sea, about 800 meters from the sea. The townhouse is very independent being the first in line, arranged over two floors. It has a private parking space, or the possibility to park other cars along the street below. An external staircase leads to the house and an enclosed garden. More steps lead to the terrace, which is the true living room of the house. The terrace is very spacious and well shaded by a hedge of jasmine and bougainvillea. It is furnished for outdoor dining and has a beautiful view of the sea and the medieval village. From the terrace, you enter the spacious living room, equipped with sofas facing a fireplace, and a dining area with table and chairs for 7 people. The small kitchen is separated from the living room, and includes gas hob (with gas tank), refrigerator, and electric oven. The living room leads to 2 bedrooms, each with 2 single beds each. The ground floor also includes a bathroom, with shower and washing machine. A staircase leads to the first floor, which consists of two bedrooms, one double and the other with one french bed. Another bathroom with shower is included on this floor. One room on the ground floor and both rooms on the first floor overlook the terrace towards the sea. All the rooms, except the room with french bed, have air condtioning.
